Dongle, Tronic WMS

Article number: 16161000

- Recommended Windows 10 for PC

- Requires Windows 10 for tablet

- Win 10 software supplied

- WMS Programmer can be used to:
    - Programme rinsing times and temperature stop
    - Set time and interval for hygiene flushing
    - Initiate hot water flushing
    - Switch activation type so that activation during flushing extends the rinsing time or stops flushing
    - Save notes for each mixer
    - View the number of activations
    - Easily save favourite settings and transfer them to other mixers
